Gentlemen

As a Sarasota resident I would like to thank you for you extensive, accurate, thorough and nonstop reporting of the difficult weather conditions this past weekend. Despite your being up for several hours, none of your staff let it affect your responsibility to your viewers.
Thank you for your professional demeanor

We were awakened by our phone wx app at 3 AM, and immediately tuned in to SNN.

Your coverage from 3 to 4 AM was immensely helpful, allowing us to quickly evaluate our own location's risk, as well as our 2 daughters' locations. How you reported was much appreciated!!!

A big thank you for how well you described the "blow by blow."

Bayou Oaks neighborhood. We consider ourselves lucky and a big thanks to Sarasota County Fire Department and FPL emergency repair. This happened this morning shortly after we were awakened by the emergency alerts on our cell phones. Wind tore the I bolt holding in the electrical service from the leave. Thanks for your up to the minute reporting through this long night.
