The Honorable Kevin J. Martin  
Chairman  
Federal Communications Commission  
445 12<sup>th</sup> St., NW  
Washington, DC. 20554

Dear Chairman Martin:

I am writing to express my reservations over the proposal to allow unlicensed portable electronic devices to operate on the television bandwidth. I am hopeful that concerns raised by some people in this regard can be rectified. Unfortunately, at the current time it appears that these issues have not been resolved.

While portable technology is promising, it simply cannot be guaranteed that the use of such devices will not interfere with the reception of millions of Americans who rely on over the air television. I hope you will conduct further study and analysis before moving forward with a decision on this matter.

Sincerely,

A handwritten signature in black ink that reads "Tom Tancredo". The signature is written in a cursive style with a large, sweeping flourish over the "o" in "Tancredo".
